

# Bluering Commercial

Empowering Lenders with No-Code and White Label Digital Lending Solutions.

Transform and Optimize Your Commercial Lending Processes

# BLUERING COMMERCIAL: KEY BENEFITS

Bluering Commercial automates commercial lending processes including credit application preparation, analysis and document management, making loan processing faster and easier.

It enables banks to manage the entire credit decision cycle on a single platform, enhancing efficiency and reducing errors.

Users can define workflows and legal documents without coding, ensuring regulatory compliance with data accuracy and privacy.

Bluering Commercial also offers real-time tracking and reporting for a comprehensive view of processes and customer requests.

# BLUERING COMMERCIAL: FUNCTIONALITIES

Bluering Commercial offers a revolutionary approach to digital lending designed to streamline commercial lending processes and enhance borrower experiences.

## User-Friendly Interface

An intuitive interface that facilitates a smooth application process, making it easy for users to navigate the platform and access necessary information.

## Multilingual/ Multi Currency

Bluering Commercial can be used in different languages and different currencies based on the country specifics and user preferences.

## Workflow Management

Flexible and customizable workflows streamline the entire lending process allowing full control, visibility and accountability during the end-to-end life cycle.

## Financial Spreading

The platform includes a spreading module to manage the complete financial data of customers and to enable users to smoothly perform financial analysis and generate financial reports.

## Document Management

Bluering Commercial allows users to generate Credit Proposals and Legal Forms in the formats they need, auto populated with data, reducing all the efforts and errors in preparing such documents. Bluering Commercial also serves as a centralized repository for all documents allowing for easy upload, storage and retrieval of necessary paperwork.

## Fully Parameterized

Bluering Commercial is fully parameterized, allowing banks to define their products, policies and workflows with ease. This flexibility means you can configure the platform to suit your unique requirements without the need for coding or complex customizations.

## Risk Rating

Bluering Commercial can be extended with a Risk Rating module that enables users to generate Risk Rating Scores for Obligors and Facilities and to calculate the Expected Credit Loss.

At Bluering we offer more than a conventional lending solution; we establish a strategic partnership focused on enhancing the efficiency and profitability of your commercial lending operations.

With a commitment to customer satisfaction and a drive for innovation, Bluering is the premier choice for lenders aiming for excellence in the digital era.

## PIONEERING DIGITAL LENDING INNOVATION

Bluering provides comprehensive and flexible digital lending and credit risk solutions to transform the global banking sector. Since our establishment, we have been dedicated to making the lives of credit experts much easier by using state-of-the-art technology and innovative lending processes. Our vision is to empower financial institutions with tools that enhance efficiency and customer satisfaction.
